

Dairy Farm Scavenger Hunt

Check off the items you see while touring the farm today and write in your responses.

- Cows Eating:** Name two ingredients in their feed:
- Cows Resting:** How many hours a day do they rest?
- Milk Tank:** Name one thing a farmer does to make sure milk is safe before transporting to the processing plant.
- Hay:** What is one type of plant from which farmers make hay?

- Something Being Recycled:** What is it?

- Calves:** Can newborn calves walk the same day they are born?

- Jobs on the Farm:** Name three different jobs or roles that are on a dairy farm.

- Cow Care:** Name one way farmers make cows more comfortable.

- In the Barn:** Bedding material that cows sleep on can be made of what?

- Farm Tech:** Name one technology used on the farm that keeps cows happy and healthy.

- Sustainability:** Name one practice farmers use to protect the water and land around them.

- Generational:** How many years has this farm been milking cows?
