

School Meals Are Healthy Meals

- FREE to ALL -School meals fuel achievement by providing the nutrients your students need for proper brain and child development.
- #DYK Milk contains 13 nutrients that help our bodies function properly, including a number of nutrients that support immune health, such as protein, zinc, selenium, and vitamins A&D, making the milk provided at school ever more important.
- Now students who bring their lunch can fuel greatness by adding a fruit, vegetable, and milk for FREE!
